

EMERGENCY OBSTETRIC AND NEONATAL CARE NEEDS ASSESSMENT SURVEY 2011

Perinatal Mortality Conference

We would like to invite you for your comments with regards to the present process of Perinatal Mortality Conferences in order to make recommendations for improvement, and thereby further reduce the Perinatal Deaths. Although we have suggested the following broad areas for your comments please feel free to include any additional observations.

1. List strengths or what is good about the existing / current process on perinatal mortality conferences.
2. Weaknesses / limitations of the current process.
3. Opportunities /suggestions for improvements for an effective intervention to the existing system.
4. Any other comments / Recommendations

We assure you that this information will be collected anonymously and will be considered as strictly confidential. Please feel free to call Prof. Lalani Rajapaksa (071800049), Dr. Lakshman Senanayake (0777730688) or Dr. Padmal de Silva (0718142029) for further clarifications on this survey.
