Guideline on model MCH & Family Planning Clinic

Updating the guidelines for the health staff on organization and conduction of clinics on Maternal and Child Health and Family Planning in the curative institutions and field setting has been a long felt need. The existing guideline has been extensively revised by relevant experts in the Ministry of Health, Nutrition and Indigenous Medicine in order to keep up with the new additions to the National MCH & FP Programme and to cater for the increasing demand for high quality services.

Please instruct all healthcare staff in your institution/field to strictly abide by this circular guideline attached herewith in order to improve the standards of services provided by the said clinics.
