

**MODULE 5**

**SECTION B. Medical Officer in the maternity ward**

**(First person who comes in contact with an emergency- who has been in the unit for > 6 months)**

**Manual Removal of Placenta**

No.	Item	Responses	Remarks	
1	Has 'manual removal of placenta' been performed in the last 6 months?	Yes ..... 1 No ..... 0	If 'YES', skip to 4	
2	If 'manual removal of placenta' was NOT performed in the last 6 months, why?			
		Yes		No
	a. Non availability of human resources	1		0
	b. training issues	1		0
	c. supplies/equipment/drugs	1		0
	d. management issues	1		0
	e. No patients with retained placenta	1		0
f. other (specify) _____	1	0		
3	If 'manual removal of placenta' was NOT performed in the last 6 months, has it been performed in the last 12 months?	Yes ..... 1 No ..... 0		
4	Have you performed a manual removal of placenta at anytime in your training or career?	Yes ..... 1 No ..... 0		
5	Are you confident enough to perform manual removal?	Yes ..... 1 No ..... 0		
6	As a routine / practice where do you perform the manual removals?	Labour room ..... 1 theatre ..... 2		
7	What is the routinely used mode of anesthesia?	Pethidine ..... 1 Under GA ..... 2 None ..... 3		

**Assisted Vaginal Delivery**

No.	Item	Responses	Remarks
8	Has 'assisted vaginal delivery' (vacuum or forceps) been performed in the last 6 months?	Yes..... 1 No ..... 0	If 'Yes', skip to 10
9	If 'assisted vaginal delivery' (vacuum or forceps) was NOT performed in the last 6 months, why?		
		Yes   No	
	a. non availability of human resources	1   0	
	b. training issues	1   0	
	c. forceps not available	1   0	
	d. vacuums not available	1   0	
	d. management issues	1   0	
	e. no patients needing assisted deliveries	1   0	
f. other (specify)_____	1   0		
10	Who performs the activity? (>1 answer is acceptable)	Consultant..... 1 Senior registrar..... 2 Registrar..... 3 SHO/MO..... 4 HO..... 5	
11	Who takes the decision? (>1 answer is acceptable)	Consultant..... 1 Senior registrar..... 2 Registrar..... 3 SHO/MO..... 4 HO..... 5	
12	Is the consultant informed before performing assisted deliveries every time?	Yes..... 1 No..... 0	

**Removal of Retained Products**

*This should be asked from the gynecological units in BH and above hospitals which has theatre facilities*

No.	Item	Responses	Remarks
13	Has 'removal of retained products' been performed in the last 6 months? ERPC / D&E	Yes..... 1 No ..... 0	If 'NO', skip to 15
14	If 'removal of retained products' was performed in last 6 months, which method was used? <i>(circle one)</i>	ERPC..... 1 D&E..... 2 Other_____ 0	skip to 16

No.	Item	Responses		Remarks
15	If 'removal of retained products' (ERPC / D&E) was NOT performed in the last 3 months, why?			
		Yes	No	
	a. non availability of a VOG			
	b. non availability of an Anesthetist			
	c. theatre not functional			
	b. training issues			
	c. supplies/equipment/drugs			
	d. management issues			
	e. policy issues			
f. no patients with retained products				
g. other (specify)_____				

**Perform Obstetric Surgery (Cesarean section)**

*This should be ask from the hospitals which has theatre facilities*

No.	Item	Responses		Remarks
16	Has a Cesarean been performed in the last 3 months?	Yes..... 1 No..... 0		If 'YES', skip to 18
17	If a Cesarean was NOT performed in the last 3 months, why?			
		Yes	No	
	a. Non availability of a VOG			
	b. Non availability of anesthetist			
	c. Non availability of theatre			
	d. Non availability of equipment			
	e. Non availability of other equipment			
	b. training issues			
	c. supplies/equipment/drugs			
	d. management issues			
e. no patients in need				
f. other (specify)				

**Blood Transfusion**

No.	Item	Responses	Skip to															
18	Has 'blood transfusion' been performed in the last 3 months?	Yes ..... 1 No ..... 0	If 'NO', skip to 20															
19	If 'blood transfusion' was performed in the last 3 months, describe the usual supply of blood:  <i>(circle one)</i>	Blood comes from central blood bank ..... 1 Blood comes from a facility blood bank ..... 2 Blood is collected from family or friends as needed (i.e. direct transfusion) ..... 3 Other (specify) ..... 4																
20	If 'blood transfusion' was NOT performed in the last 6 months, why?																	
		Yes	No															
	a. non availability of human resources																	
	b. training issues																	
	c. supplies/equipment/drugs																	
	d. management issues																	
	e. no patients needing blood transfusions																	
	f. other (specify) _____																	
21	What is the institution that you will transfer patients needing transfusions?	.....																
22	Were there mismatch transfusions recorded anytime during the past six months?	Yes.....1 No.....0	If 'No' skip to 24															
23	If so how many had been recorded?	_ _																
24	Were there instances of septicemia following blood transfusions recorded anytime during the past six months?	Yes.....1 No.....0	If 'No' skip to 26															
25	If so how many had been recorded?	_ _																
26	<table border="1"> <thead> <tr> <th>Available blood products</th> <th>Yes</th> <th>No</th> </tr> </thead> <tbody> <tr> <td>Whole blood</td> <td>1</td> <td>0</td> </tr> <tr> <td>Platelets</td> <td>1</td> <td>0</td> </tr> <tr> <td>FFP</td> <td>1</td> <td>0</td> </tr> <tr> <td>Cryoprecipitate</td> <td>1</td> <td>0</td> </tr> </tbody> </table>			Available blood products	Yes	No	Whole blood	1	0	Platelets	1	0	FFP	1	0	Cryoprecipitate	1	0
Available blood products	Yes	No																
Whole blood	1	0																
Platelets	1	0																
FFP	1	0																
Cryoprecipitate	1	0																
27	At present do you have O negative blood in stock?	Yes.....1 No.....0	If 'No' skip to 29															
28	If yes how many units?	_ _																
29	At present do you have O positive blood in stock?	Yes.....1 No.....0																
30	If yes how many units?	_ _																

**Other MNH- Related Services**

No.	Item	Responses	Remarks																					
31	Do you have a clear policy on active management of third stage of labour?	Yes.....1 No.....0																						
32	Whether a written document giving policy / flow chart/ is displayed?	Yes.....1 No.....0																						
33	Is oxytocin given immediately after the delivery (delivery of the anterior shoulder or immediately after the delivery of the baby)?	To all the cases .....1 To selected cases.....2																						
34	Has a partograph been used to manage labour in the last 3 months?	Yes .....1 No .....0	If 'YES', skip to 36																					
35	If a partograph has NOT been used to manage labour in the last 3 months, why? <table border="1" data-bbox="289 1024 1182 1356"> <thead> <tr> <th></th> <th>Yes</th> <th>No</th> </tr> </thead> <tbody> <tr> <td>a. partogram not available</td> <td></td> <td></td> </tr> <tr> <td>b. lack of awareness of the importance of using a partogram</td> <td></td> <td></td> </tr> <tr> <td>c. prefer mark in the BHT</td> <td></td> <td></td> </tr> <tr> <td>d. not oriented on the use of a partogram</td> <td></td> <td></td> </tr> <tr> <td>e. no deliveries</td> <td></td> <td></td> </tr> <tr> <td>f. other (specify) _____</td> <td></td> <td></td> </tr> </tbody> </table>		Yes	No	a. partogram not available			b. lack of awareness of the importance of using a partogram			c. prefer mark in the BHT			d. not oriented on the use of a partogram			e. no deliveries			f. other (specify) _____				
	Yes	No																						
a. partogram not available																								
b. lack of awareness of the importance of using a partogram																								
c. prefer mark in the BHT																								
d. not oriented on the use of a partogram																								
e. no deliveries																								
f. other (specify) _____																								
36	Has a breech delivery been performed in the last 3 months?	Yes .....1 No .....0																						
37	Have you discussed on the possibility of having to cater for a suspected or confirmed HIV case?	Yes .....1 No .....0																						
38	Do you have a clear understanding on the line of managing of a patient with known / suspected HIV?	Yes .....1 No .....0																						
39	Has an episiotomy been performed in the last 3 months?	Yes .....1 No .....0																						

No.	Item	Responses	Remarks						
40	What is the current policy of the unit regarding application of episiotomy?	perform episiotomy on all primies.....1 perform episiotomy on all primies.....2 perform episiotomy on selected primies.....3 perform episiotomy on selected multies.....4							
41	What is your practice regarding episiotomies?  do you give local anesthesia to perform  do you give local anesthesia to suture	<table border="0" style="width: 100%;"> <tr> <td style="text-align: center;">Yes</td> <td style="text-align: center;">No</td> </tr> <tr> <td style="text-align: center;">1</td> <td style="text-align: center;">0</td> </tr> <tr> <td style="text-align: center;">1</td> <td style="text-align: center;">0</td> </tr> </table>	Yes	No	1	0	1	0	
Yes	No								
1	0								
1	0								
42	Who performs the episiotomy? (more than one answer is acceptable)	HO/MO .....1 Nursing officer .....2 Midwife.....3							
43	Who suture the episiotomy? (more than one answer is acceptable)	HO/MO ..... 1 Nursing officer ..... 2 Midwife..... 3							
44	What is your practice of cleaning the vulval area	Shaving ..... 1 Clipping the pubic hair short ..... 2 Other ..... 3							
45	What is your practice of evacuation of bowel prior to labour?	Suppository..... 1 Enema.....2 Forced evacuation..... 3							
46	What is the pain relief policy for normal vaginal delivery?	Epidural ..... 1 Pethidine..... 2 Other .....3 None.....9
